SCHOLARSHIP APPLICATION

ACIL Offers Academic Scholarships

ACIL is the trade association representing the independent scientific, engineering, and testing industry. ACIL member companies provide a wide range of laboratory, testing, R&D, certification and related services to clients in commerce, government, and the general public.

Finding and keeping qualified technical personnel is a constant challenge for our industry. To encourage future generations of skilled employees, ACIL, through its affiliated education foundation, the Independent Laboratories Institute, annually offers \$1,000 - \$4,000 academic scholarships to students planning scientific or engineering careers. The children and grandchildren of ACIL member employees are encouraged to apply.

Candidates must be students attending their junior year or higher in a four-year, bachelor-degree granting institution or graduate program within the United States. Candidates must also major in any of the physical sciences practiced by ACIL members: physics, chemistry, engineering, geology, biology, or environmental science.

Scholarship awards are based on the applicant's academic achievement, career goals, leadership, and financial need. Completed applications must be received in the ACIL office between February 1 – April 9, 2010. Recipients are selected by ACIL's Scholarship Alliance committee and all applicants will be notified by July 1, 2010. Award monies will be sent directly to the school, not to individuals.

SCHOLARSHIP APPLICATION (DEADLINE: April 9, 2010)

Student Name	E-mail	
Home Address	City, State, Zip	Tel.
College/University	University department/office to which award should be sent	
University Address	City, State, Zip	Tel.
Major Field of Study	Expected Graduation Date	

Include with your application:

- A brief resume or personal statement outlining your activities in college, including field of study and future plans.
- Two letters of recommendation from faculty members of the university you currently attend.
- A transcript of your grades.
- Information on any other scholarship or grant aid you are now receiving.

Incomplete applications cannot be considered.
